SERVING
TEMPERATURE

16 - 18 °C

CURIOSITY

After several debates it has been confirmed that Californian Zinfandel is the same grape variety as Primitivo, imported into the United States in the 1800s. According to many experts, Primitivo is in fact among the first vines to go beyond the national border, thanks to Italian immigrants, who brought it with them while sailing to America.

One of the main means of propagating Italian vines abroad was the Church: the priests needed wine to carry out the liturgical functions of the Eucharist, and they would have produced it locally.

PACKING DETAILS	
BOTT/CASE	6
CASE GROSS WEIGHT	7,4 KG
PALLET TYPE	EUR-EPAL 80x120
CASES/PALLET	125
BOTT/PALLET	750
PALLET GROSS WEIGHT	946 KG
