Excellent with appetizers and cured meats, pasta and first courses of meat

SERVING TEMPERATURE

8 - 10 °C

CURIOSITY

The uncertainty concerning the origin of the word "Lambrusco" has given rise to two interpretations: according to the first, the name derives from "labo" (I take) and "ruscus" (which stings the palate) and therefore refers to its being "brusque", a typical trait of young wines; according to the second interpretation, the most accredited, the name derives instead from "labrum" (margin of the fields) and "ruscum" (spontaneous plant) thus referring to the spontaneity with which the plant grew marginally in the vineyard and the consequent randomness of its discovery

**CONTAINS SULFITES** 

PACKING DETAILS	
BOTT/CASE	6
CASE GROSS WEIGHT	9 KG
PALLET TYPE	EUR-EPAL
	80x120
CASES/PALLET	80
BOTT/PALLET	480
PALLET GROSS WEIGHT	740 KG
