SERVING  
TEMPERATURE

16 - 18 °C

CURIOSITY

The Merlot is a black berry grape variety, whose name comes from the particular predilection that the blackbird (in French *merle*) has for its berries. Often blended with Cabernet Sauvignon, it is one of the so-called "international" French vines, the most cultivated in all parts of the world, also thanks to their high adaptability.

| PACKING DETAILS     |                    |
|---------------------|--------------------|
| BOTT/CASE           | 6                  |
